## BOOK REVIEWS OF BOOKS BY ROBERT HARDAWAY

1. **COLORADO EVIDENCE: Courtroom Manual (2003-2004) (Lexis-Nexis, 2003)**  
H. Patrick Furman, University of Colorado School of Law, The Colorado Lawyer, February 1996, Vol. 25, No. 2.  
*“Colorado Evidence: The... Courtroom Manual is the best book I have yet seen for Colorado state court practitioners.”*
2. **ALIENATION OF AFFECTION (Western Reflections Publishing Co., 2003)**  
A. Joan Hinkemeyer, Rocky Mountain News, Jan. 16, 2004 at 27I  
*University of Denver School of Law Professor Robert Hardaway has seamlessly incorporated reports from Denver’s daily newspapers and transcripts of the trial proceedings into his own creative work to produce a spellbinding book. Hardaway has done more than write a riveting tale... (Awarded an “A” rating)*

B. Bob Ewegen, Denver Post, Nov. 29, 2003 at 15c:

*Four score and 12 years ago, Denver Post readers were transfixed by a “Trial of the Century” featuring a lovely but “fallen” woman as a defendant. Special prosecutor Horace Benson railed that Gertrude Gibson Patterson was a “vampire” who should be hanged by the neck until dead, dead, dead for the crime of shooting her lawfully wedded husband, the saintly and consumptive Charles Patterson. Now, Robert Hardaway, a University of Denver law professor who sometimes graces The Post’s op-ed pages, has written a beguiling book, “Alienation of Affection” (Western Reflection Publishing Company), about this epic trial.*

C. *...(A)n extraordinary novel...a superbly drafted novel of obsession, sex, scandal, betrayal, and prejudice, which raged through the high society, Paris, Denver, and even the doomed voyage of the Titanic. Attention Hollywood! Alienation of Affection is the very stuff of which block-buster movies are made!”*

3. **POPULATION, LAW, AND THE ENVIRONMENT (Praeger Publications, 1995)**

Christopher Faille, The Federal Lawyer, February 1995, regarding  
Population, Law and the Environment.

*“This book deserves a wide readership and critical consideration.”*

4. **THE ELECTORAL COLLEGE AND THE CONSTITUTION: THE CASE FOR PRESERVING FEDERALISM. (Praeger Publications, 1995)**

Robert F. Drinan, S. J., Georgetown University, Law Books in Review, Volume, 1995, Number 1, regarding *“The Electoral College and the Constitution.”*

*“With this well-written book, students of America’s political systems have a new and valuable cornucopia of information.”*

5. **AMERICA GOES TO SCHOOL: LAW REFORM AND CRISIS IN PUBLIC EDUCATION (Praeger Publications, 1995)**

E. Vance Randall, B.Y.U. Education and Law Journal, 1995:

*“America Goes to School: Law, Reform, and Crisis in Public Education is another important contribution to this ongoing discussion.”*
